The only ecological smart and connected pool manager!

FUNCTIONS	FEATURES
HYDROLYSIS	Water disinfection through hydroxyls
INJECTOR PER/CL/ANTIALGAE (per min.)	Automatic injection of PER / CL/ANTIALGAE, via peristaltic pump (through timer)
CIRCULATION PUMP	Control of main pump operation by Oxymatic
pH REGULATOR	Control and automatic dosage of pH
TEMPERATURE PROBE	Reading of the temperature of the pool water through a specific probe
CHAMBER FOR ELECTRODES	Chamber in which the titanium electrode takes place to realize disinfection and oxidation processes
AUTO PROGRAMMING – Plug & Play	Automatic adjustment of the Oxy function and the circulation pump according to water temperature
MANUAL PROGRAMMING	Manual adjustment of all the functions of the equipment and timings
WI-FI / WEB SERVICE (Temp. free)	Remote control for visualization and management of installations
OXYMATIC APP for IOS and ANDROID soon (Temp. Free)	Remote control system for all the parameters and alarms of the pool via IOS, PC (Android soon)
F.A.Q	Frequently Asked Questions
INSTALLATION MANUAL	Installation guide as well as programming and maintenance user manual
LIGHTENING	Pool and garden lightening programming
ALARMS	Automatic alarms if parameters are out of range
LANGUAGES	Operating system available in different languages
AUXILIARY CHANNELS (3)	Possibility of programming additional functions (eg. : On/Off music, waterfalls, injection of algicide or flocculent ...)
HEAT PUMP REGULATOR	Automatic control according to desired temperature and duration of operation
ECOFRIENDLY ANTI-SCALE	Ecofriendly anti-scale system through magnetic and electric fields
FREE CHLORINE REGULATOR - New!	Control and automatic dosage system of free chlorine (in ppm)
ORP REGULATOR	Control and automatic dosage system of chlorine or bromine, according to REDOX value of the water (mV)
TANK LEVEL PROBE (pH, Redox, Algicide...)	Automatic alert informing about the necessity to replace products (pH, ORP, Algicide ...)
VARIO FLOW	A kit which permits to save at least 85% of the circulation pump energy
